A great, well marked trail in the North of Mauritius, on a warm winter's day.

A fairly long Hash at about 7.5 km although relatively flat.

From semi-urban areas to wild scrubland and sugar cane.

Below HH = Hash Halt where everyone must wait for the rest of the pack.

Above An unusual Hash Sign!

Left A Beer Stop was kindly provided by the Two Hares.

Below Pick No Fruit—Caught on Camera!

Top The Two Hares get their Down Downs for setting an Excellent Trail.

Left Hash Virgin Roger Sprenger from Germany.

Below No Second Timers … Down Down for the GM!

Our RA had a great time presenting Hashers with Down Downs, including the Two Hares for Dubious Trail Marking—at a Very Confusing Intersection, and a special Down Down to Herbert for accepting a Free Guide to His Home Country—Germany (IN ENGLISH!) from Hot Pants (Perhaps he thought he could learn something new about his homeland!).

The "Food Idea" of participating Hashers bringing some food to the Hash to be shared with others seemed to be a Great Success. If you wish to Participate please bring your own Plates and Cutlery as well as your Food. Jackie will provide Cake & Wine for the Hash Bash!
