Join us every second Sunday at 10.00 for a wonderful Hash experience—a good run, or walk followed by good humour and good company.

Situated in the Village of Poudre D'Or in the North East of Mauritius this was a Most Beautiful Place—and we had it "All to Ourselves"—on a Glorious Sunny Day!

Left **Our Two Hares, Suraj & Devina, explain the Trail and then we are off!!! Along the Coast passing through some Interesting Places with the occasional Fisherman preparing his Boat.**

After leaving the Village Health Track we went Inland.

The very interesting Trail, of around 5 to 6K soon brought us back to the Paul & Virginie Public Beach.

"Paul & Virginie" is a novel by Jacques-Henri Bernardin de Saint-Pierre, first published in 1788. The novel's title characters are friends since birth who fall in love. The story is set in Mauritius, then under French Rule.
